**STRESS RELEASE HEALTH
& WELLBEING: # 82**

“I am” the reality of the passing of time.

I possess the fountain of life that re-births the future from the past. Allow me to hold my forefathers’ dreams with respect. Allow me to walk with their genes inside me, but cured of the diseases that killed them and would kill me too.

Let me dwell with the angels of light and make my life-force be united with their powers.

“I am” then the future that will make the promises of life come true. Let everyone around me see the light through me and relate with me.

“I am” then no threat to their integrity or beliefs.

ELAINE’S QUOTE THIS MONTH:

Wandering thoughts grow through the gardens of life. Be wise to sow the seeds of your choices in this season where they are nurtured to bloom in the right places of your dreams.

A MESSAGE FROM ELAINE

We often sit to consider: Who are we?

What is it we must do, for ourselves?

The privledge of time comes to us when we breathe our first breath. This became the time keeper of every cell we produce to be who we are. Cells come after we decide what is our right for our desires to grow. It is our responsibility to give our cells purpose. Every breath manifests time and space. Day by day we happily build the future of our dreams. May we all have a Happy Easter, from the office of PrimeTuning.

PRIMETUNING CALENDAR

for 2014 at the present time:

23rd May – Afternoon Talk – Seagull Lodge Culburra

24th & 25th May - Practice Workshop – for students from levels 3 & 4 - Culburra

Classes are dependent on numbers.

For further information contact the office on **02 4455 2227** or Cath **0431 109 300** and Sharron **0407 287 005**

Talk to your Cells and become your own creator

Page 95: The flowers of the earth bloomed and seeded new plants that died to rot, over and over again. Then the creation of our soul wondered who could take charge of this magical earth. Where are the seeds of that mind? It was time to form a genetic pool that could cycle through the inner child with a new blank gene by its side, to continue the creation of life. This gene must be willing to take care of this earth and grow within creation’s image by mind, soul and emotional astrology. This gene must also be able to handle the power of changes that reach from one generation into a new, incoming soul, with that new gene matched by a bloodline.

Page 104: *“The power of life is a seed sown to grow a body. Yet a body of cells will carry a creed to behave and demonstrate for a spiritual myth and execute human bodies to fill that creed under the power of greed and hate.” He said.*

“You will walk through the stars and see earth flow through the sacred sightings of the golden years. This will form the earth bound vows including the light workers into a coming right to give information for every person on the earth.”

“This is a powerful time you have moved into after death,” he informed us.
