**TALK TO YOUR CELLS
AND BECOME YOUR
OWN CREATOR: # 57**

ELAINE'S QUOTE THIS MONTH:

**Love is a power of many attributes: The nice side of counteracting the games of negative patterns.
Love lives in our care. We are the true valuation of its mind. Whatever your thought is, must be blessed or cursed. Love you, and the flow of your thoughts will be cloaked by blessed oils of anointing:
Called love.**

"The After Life"

Our spirit is the keeper of our emotions and tells us what we should do. Who trusts us in our conflict? Who saves us in our shame? Who loves us for what we are and what we do?

The answer is our Human Spirit. God knew what to give us and how it would work through us all. The Human spirit provides us with the five emotions that are of him i.e. Love Joy Grace Peace and Wisdom. These emotions are the guiding angels of his choice.

This is why he sent us under their wing. Love what you are in your being. Have Joy in your fellowships here on earth.

Find Peace in your work as you are guided through Grace.

Be Wise, knowing that the past is sealed and now is a new era for future happiness.

So we are made at this time, in an organic form using space and thought to give wise outcomes a chance to happen.

We are here on a contract but a loose one.

We are free spirits who can let go to unworthy thoughts that would act against us. It is our choice. Be whole in body, mind and spirit and your soul contract will be testimony for the future.

Life is opportunities in thought to create action.

Life is breath and the cells united to perform.

Life is achieving a degree in the creators dreams for you.

Life is continuous in both form and genetic transformations.

Life is a gifted trust fund allowing us to be here for developing into infinity.

"I am"

Myself in the form of a human being. I understand this form is the image and result of the creators' dreams. I therefore have the power to read his mind and work towards his ideals on this earth. In this way I live a true and upright existence. I enjoy the concept and actuality of the creator and me, enfolded as one. The human and the mind that made the human therefore work as one. Together we create the ideals and build this earth as one, Body, Mind, and Soul.

A MESSAGE FROM ELAINE

We sit and ponder, be it good thoughts, or emotional conflicts. These thoughts hold the realities that build our dreams, or destroy what would be used, by us, to achieve.

It has been real to me, that money was used by spiritual demons that manned greed and power. Yet we are made, so, that to love, is to find the treasures we love enough to own them. Never allow the fears of brokers who employ us and lend us false economies, trade us out of living, loving and sharing time with mind peace. So life is lived by us be it wise or stolen. May we see a future that we can own and love to be a part of.

Simply love you and wisdom will allow wise choices to be made by you. The future is – no time owned but time infused into values to work for.
