**TALK TO YOUR CELLS
AND BECOME YOUR
OWN CREATOR: # 44**

A MESSAGE FROM ELAINE

The most beautiful thoughts are always balanced with human manners – what is good intent for humanity.

Where does this come from – it is given to us by the power of the human spirit of love, joy, grace, peace and wisdom. Christmas is this one space we give the human spirit to work at its best so we send from the office of PrimeTuning the purist intent for you to enjoy a wonderful Christmas.

Talk To Your Cells and become your own creator Page 93

Our personal calendar contains twenty-four minutes. Each twenty-four minutes controls our body's interaction with our subconscious. Our vivid flow of intent will demand the obedience of all our cells to their higher duty. After that twenty-four minutes the cells wait for further instructions for their next calendar period.

Two minutes into any programme we plan, the picture is complete in our mind. It has colour, shape and form and all the necessary ingredients for its successful implementation. The cells surrounding our organs have by now been instructed to physically perform by means of communication between our intent and our human cells. This prompts the bowel to send food to sustain the organs in their work of nurturing the programme.

For the next twenty-two minutes the programme becomes physical form. Also during this time our emotions create, design and formulate the foundations for our next awakening – the next twenty-four minutes. So as life goes on we are planning, building, thinking and creating through the cycle of our life's sacred intent, in twenty-four minute moon cycles. We must renew our intent every twenty-four minutes if we are to turn our dreams and programmes into substance. Our wonder, called The Moon, does this automatically.

The first two minutes creates the pattern, in the last two minutes the programme is written into our hard drive. Some people's plans are finalized in twenty-four minutes while others use up their lifetime and not materialise their visions. This is because they have not made and signed a contract between their human, their soul and the moon cycles within any twenty-four minute period.

"I am"
the master of my
cells.

I can manifest my dreams to change the direction in my career. I will discover all I need to know for this change. The information I need I will read and understand without fear of failure.

My feelings will blend with my desires and I will receive the changes in my career gladly.

I am balanced into my new career without any fear.

ELAINE'S QUOTE THIS MONTH:

The seeds of love is a quote:
Be happy, be peaceful, be kind.
Christmas greetings are built
from all of these.
Merry Christmas

We would like to say
Congratulations to all students for completing the levels they have attended throughout the year.

PrimeTuning is going forward with many students moving through all levels. This is an exciting time for us all as PrimeTuning has now expanded to gather our teachers for 2015 using the mini workshops as part of their training. Best wishes and Merry Christmas
