TALK TO YOUR CELLS AND BECOME YOUR OWN CREATOR: # 18

"I am"

the soul who has the right to have a memory book signed by me.

Let my life form this wonderful reality that will write on the pages. There will be no mistakes amongst these cherished memories. I love being born into a genetic lineage that selected my gifts and talents through trial and error.

I am the consciousness that will now take the tools and write. Let all my emotions and gifts be balanced to write a perfect story.

I have already received an invoice and I shall pay the bill in full. I am now ready to accept my purchase of this blank book.

The story I am writing is for myself and what I plan to be.

A MESSAGE FROM ELAINE

Easter is a special time for me – all my family come to stay. Hugs – stories – new faces are interlocked with laughter and kisses. This morning I paused to thank the power of love that united the spirits of the past to give us remembrance of what Easter means. Many, many people I cherish laboured to give us the gift of life and the sacred time of Easter. Allow me to bless the world by my love and desires to heal the trouble spots and send peace to all. May wisdom grow by the touch of our children's five senses, blessed by memories we give them. Happy Easter for 2015.

ELAINE'S QUOTE THIS MONTH:

Wisdom is made by the skills of life's choices. You feel it by touch – you hear it by the sounds of success – you taste it by your appetite to enjoy it – you sense it by the scent of its odours and you see the personal challenges it makes, be wise and learn, for life is wiser by you using your five senses.

A time is possible when we will live to grow in ourselves, rather than to live in fear of destruction or starvation. These changes will occur first in our minds, and then reality will follow.

As we sat there contemplating how to help him come to terms with his guilt, I felt a presence come in. It was his daughter, free from pain and happy in the world she now inhabited. As the scenes flashed through my mind I asked him why he was punishing himself because after all, his daughter was now happy. I suggested we balance him into a guilt-free future.
